Technical Consultant / Technical Project Manager (#19078)

CONTRACT
www.prostaff.ch/jobs/19078

Beschreibung

We are looking for a Technical Consultant / Technical Project Manager who is technically qualified to carry out a DC migration and act as a Project Manager at the same time. The profile is rather of a technical nature. Your Tasks:

- Operation, maintenance and monitoring of the IT infrastructure
- Planning and implementation of IT infrastructure projects
- Evaluation, installation and implementation of hardware and software solutions for further development and stabilization of the IT infrastructure
- Cooperation in an international environment
- Planning and coordination with the global partners (hosting, network)
- Participation in the future global hosting strategy (server outsourcing)
- Support of the IT service team as 3rd level support in case of problems
- Collaboration in 2nd level support if required

Anforderung

You have the following skills and experience:

- Degree in computer science and at least five years' professional experience in a comparable function
- Very good knowledge of the Microsoft server and client environment
- Good knowledge of virtualization (VMware, XenServer) and terminal servers (Citrix XenApp)
- Experience in SAN/Storage Infrastructures and Backup/Disaster Recovery
- Experience with Active Directory, GPO, SCCM, Office 365, Sharepoint
- Professional certifications (MCSE/MCSA, VMware, Citrix, Cisco) is a big advantage
- Very good German and English knowledge
