

PostgreSQL DB Expert (m/w/d) (#20080)

CONTRACT

www.prostaff.ch/jobs/20080

Beschreibung

For our customer in Zurich, we are recruiting a PostgreSQL DB Expert. In this project you are responsible for the following deliverables:

- Design, Setup and Administration of a large PostgreSQL database
- Hands on work for the identification of current issues and creation of solutions or workarounds to overcome issues together with the customer
- Support for the customer requirements capturing, mapping them to the target design of the database and infrastructure (server/storage) and supporting the implementation planning for the future database setup – working together with an Enterprise Architect to plan for the future database setup

Anforderung

For this project, you bring the following skills and experiences:

- Extensive Product Knowledge about PostgreSQL or EnterpriseDB
- Hand-on Expertise in the Design, Setup (Hard- & Software) and Administration of large PostgreSQL instances
- Proficient English language skills (spoken and written)
- German and French language skills beneficial
