

E-Banking Application Specialist (#22015)

CONTRACT

www.prostaff.ch/jobs/22015

Beschreibung

As Application Specialist e-Banking you will mainly work in the ongoing Channels ART (Crealogix e-Banking) projects. Typically, the agile project teams will assign you integration tasks. As Crealogix e-Banking uses MQ interfaces, i-frames, file interfaces, unix based java applications and a dedicated database your skill set must include an excellent knowledge of these technologies.

Your task in detail will be:

- Integration of Crealogix e-Banking applications
- Debugging of errors in e-Banking as far as possible
- Discuss and define solutions of issues together with the DigitalHub CH and DigitalHub LUX (part of Channels ART) team
- Provide support to testers and maintain the test environments
- Deploy e-Banking to test environments and production, maintain the existing deployment facilities (Octopus)
- Set up monitoring features and maintain the Splunk logfile environment of e-Banking
- Run and maintain the Kubernetes environment of e-Banking
- Provide production support for e-Banking

Anforderung

- Proactive, autonomous, analytical
- Highly structured, able to address options and underlying evaluation
- Good understanding of IT integration and web technologies including modern IT Infrastructure concepts
- Strong skills of the following is a must: SQL (Oracle), Unix, Shell Scripting, MQ, Kubernetes
- Able to work in an agile environment with fast changing topics and tasks. You must be able to communicate complex issues to your team members and testers in an understandable manner.
